

## Wie kann ich meine Geschichte wieder finden?

1. In dem Kasten *Suche* gibst du die Überschrift deiner Geschichte ein.

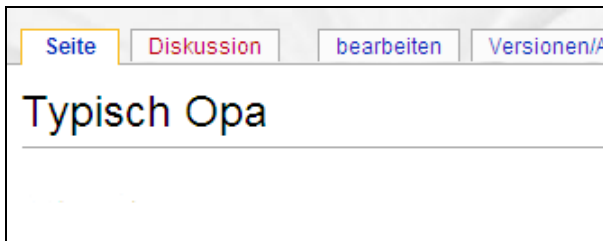

The screenshot shows a search form titled 'Suche'. A text input field contains the text 'Typisch Opa', which is circled in red. Below the input field are two buttons: 'Seite' and 'Suche'. Below these buttons is a section with a 'Titel:' label and an empty text input field, followed by a 'Seite anlegen' button.

2. Klicke danach auf *Seite*!

The screenshot shows the same search form as in the previous step. The 'Seite' button is now circled in red, indicating it has been clicked. The text 'Typisch Opa' remains in the input field.

3. Jetzt hast du deine Geschichtenseite geöffnet.

The screenshot shows the opened page for the story 'Typisch Opa'. At the top, there is a navigation bar with four tabs: 'Seite' (highlighted in yellow), 'Diskussion', 'bearbeiten', and 'Versionen/A'. Below the navigation bar, the title 'Typisch Opa' is displayed in a large font. The rest of the page content is currently blank.
